This **NEW** "HTML5" Version of our CataLogo should run perfectly on ANY device (including smartphones and tablets), and on any platform or browser!

It is an "Interactive Tool", which makes it much more exciting for the recipient to use! It is important that you alert them in the message that you will send along with the CataLogo that they must click on any item they find interesting to see the MAGIC HAPPEN. Otherwise, they will not realize their logo will appear on EVERY ITEM!

## **USING OR INTERACTING WITH CATALOGO**

To USE the CataLogo, you may click on any of the Navigation arrows to turn the page(s).

Or you may move cursor to upper or lower corner of CataLogo and click and drag the page to turn manually. (Or if you have a wheel on your mouse, you may scroll pages with that!)

You must instruct the user to "click on an item" to see the MAGIC **HAPPEN!**

### SOUTHERN PLUS 2020

The user may click on the "Colors/Styles" tab to see different colors this product is available in!

When a thumbnail image is clicked on the item will update automatically to the chosen color!

Once the product color is selected, the user may change the "Imprint Technique" (by clicking on this tab) to change ink color, show in full color, or embroidery (if available on the item).

As you move your mouse pointer over each option, it will tell you what that option is.

Once satisfied with the Product Color and Imprint Technique chosen, the user may Save the image to a file, or Send the image (as shown) to whomever they need to share it with (hopefully YOU to order a sample or place an order!)

Or they may close the window and select another product.
